

Memo *Finishes*

Finishes are integral in our efforts to honor the essential. Guided by the insight and sensibilities of the designer Laura-Guido Clark, we've selected finishes that bring out the natural character of materials while also imparting rich tones, textures, and temperatures. Curated with these characteristics in mind, we offer a dynamic palette that includes colors from neutral to bold, temperatures from cool to warm, and textures from matte to gloss.

Ida *Colors and Finishes*

Wood/Veneer

Memo stains on solid wood and wood veneer are created using a two-step conversion varnish, formulated to withstand the wear and tear of commercial interiors. They are applied using a combination of hand rubbed and spray methods to allow the best expression and preservation of the visual characteristics and warmth of wood.

Stone & Solid Surface

Stone and solid surface materials are offered as natural or synthetic alternates when durability is a prime consideration. Smooth in texture and rich in depth and pattern, our stone and solid surface options are procured from premium resources and suppliers, and available in dark and light neutrals. The characteristics of these materials offer a natural diversity of pattern and color, thus will vary accordingly.

Metal: Powder Coat

Powder coating offers a durable approach to finishing metal components that is ideal for commercial interiors and is environmentally considerate. Memo offers a selection of metallic neutrals and vivid hues in smooth and textured varieties, chosen to thoughtfully complement adjacent materials and finishes.
