## Finishes

Memo offers a range of proprietary colors and finishes on select materials, as well as support for a broad range of open line laminates and solid surface. Our finishes have been curated to offer a foundation of essential base neutrals, to which accents and stronger colors can be added.

Memo offers finish and pattern selections in the following materials:

### **Forbo Furniture Linoleum**

Memo offers Forbo furniture-grade linoleum on select products. Forbo is a durable surface material, available in a dynamic range of colors. Derived from solidified Linseed Oil and other natural fillers such as cork and wood dust, Forbo is a sustainable and resilient surface choice.

### **Metal Powder Coat**

Our powder coats are applied to both steel and aluminum, and are available in textured and smooth finishes. Powder coating is extremely durable and emits zero pollutants once cured.

### **Natural Stone**

Memo offers natural stone on select table and horizontal surface tops. Our stone is hand selected from the highest quality slabs however natural variances will occur from product to product.

### **Solid Surface**

Memo offers Corian and Wilsonart solid surface options on certain products. Solid Surface, is a non-porous high durability product that is stain resistant, easy to clean, and easily repairable.

### **Wood & Veneer**

Our products utilize both solid wood and wood veneer, and are offered in either Ash, Beech or Walnut depending on the product. Products with edge profiles will include a matching wood edge. Wood products are finished in a resilient, long lasting, conversion varnish.
