Prices shown do not include freight, surcharges, appropriate taxes, crating (if applicable), storage, or installation charges. Memo reserves the right to amend price lists, change designs, and discontinue or add models without prior notice. Price list of latest date supersedes and cancels all previous lists. All orders accepted are subject to prices upon receipt of order.

Payment Terms

Except as otherwise specified, all orders require a 50% deposit with the balance due with thirty (30) days from the invoice date. All payments are payable in U.S. dollars. Lead times start after the receipt of deposit. Payments not made by the due date may incur, at the sole discretion of Memo, a late payment service charge of 1.5% per month. All payments and deposits are non-refundable.

Changes and Cancellations

Customers will receive a written confirmation of pricing, credit terms and estimated completion date. Changes to orders or cancellations made after production has begun will carry extra charges based on expenses incurred.

Shipping

Standard cartoning and standard surface freight to any point within the 48 contiguous United States is included in Memo quotes as a separate charge independent of product price. For shipments to Alaska, Hawaii and International destinations, additional shipping and handling charges will apply. Orders are shipped cartoned as standard. Freight Claims

Product is shipped FOB Factory, freight prepaid and allowed via truck. The title of goods changes to the purchaser when merchandise leaves Memo's dock. All shipments are transferred to the transportation company in good condition.

Textiles

Graded-in Textiles

Memo has partnered with Camira, Designtex, Kvadrat, and Maharam to offer graded-in textiles. All graded-in textiles are listed by Pattern Name on page 77 and by Grading Group on page 78. Our Grading Groups and their LIST prices per yard are outlined below. Published product prices, including the cost of Graded-in Textiles, have been calculated by multiplying by the price per yard figures below by the yardage requirements indicated on a given product page.

Memo is glad to grade in textiles from suppliers other than Camira, Designtex, Kvadrat, and Maharam per customer requests. A grading fee of $200 NET per pattern, per product, will apply in such cases. Please contact us to submit grading requests.

When specifying graded-in textiles the projected completion date of your order may exceed our normal lead times due to constraints of the textile supplier. In such instances, Memo will promptly communicate such delays and advise on adjusted lead times.

Textiles are subject to the quality and shipping standards of the provider. Memo assumes no responsibility for defects, color inaccuracies, shortages, wear, or performance of textiles.

Samples can be ordered by visiting the textile provider's website.

Textiles

Customer's Own Material (COM)

While we recommend selecting from our graded-in partners for the most streamlined process, we also provide the option to use COM. Memo, however, reserves the right to reject textiles which are unsuitable for upholstery on our products. This may be due to inadequate textile weight or unique elastic qualities which impact the integrity of upholstery on our products.

To select fabric outside of the graded-in fabric program, a few steps are required. Memo provides the total yardage for each product on its product spec sheets and pricelist reference pages. These published yardage figures are based on the application conditions of the cutting pattern for each product as well as managing quality issues. Certain textiles, depending on their width and/or repeat, may require additional yardage beyond the figures in our pricing pages. To calculate additional yardage, see our guidelines on page 11. Memo will also provide yardage requirements upon receipt of an order.

Upon receipt of the textile, Memo will immediately advise if flaws or deficiencies in the order are discovered. Memo assumes no responsibility for defects, color inaccuracies, shortages, wear, or sub-standard performance of the specified textiles.

Note that Memo will dispose of excess upholstery material at the time of shipment unless expressly requested to return it with the product shipment.

Delivery of Customer's Own Material (COM)

Customers are responsible for ensuring delivery of COM fabric to Memo. Orders for COM-upholstered products will be scheduled into production upon receipt of all COM and swatches. Please work with our customer service group to procure written confirmation of textile supplier ship dates to ensure the best possible lead time. Since shipment of COM orders depends upon textile availability, lead times may vary.

When supplying COM textiles to Memo, please include the following info:

Textile supplier
Pattern name and number
Color name and number
A representative fabric swatch for identification purposes with face side marked
Any nonstandard treatments applied to the fabric
Any additional documentation

All COM or COL must be sent prepaid to the following address and tagged as follows:

Textiles

Order Requirements for Customer's Own Material (COM)

Memo reserves the right to reject textiles or materials. Textiles requiring secondary backing or coatings should be treated prior to shipping to Memo. All yardage figures listed in Memo product spec sheets and pricelist reference pages are based on at least 54" Wide, Plain Fabric, Standard Cut.

Increases for Textile Width and/or Repeat

In the event that COM textile is both less than 54" wide and also has a repeat, add both of the two increases shown below. For textiles that require matching (stripes, plaids, prints, pattern repeats) it is Memo's policy to match all pattern repeats, stripes, prints or plaids unless specified 'No Matching Required' on purchase order.

Fabric Bolts Less than 54" Wide

Less than 54" wide	Add 08%
Less than 50" wide	Add 13%
Less than 48" wide	Add 20%
Less than 45" wide	Add 50%
Less than 36" wide	Add 60%

Fabrics with Repeats

Repeat 7" & less	Add 11%
Repeat 13" & less	Add 18%
Repeat 21" & less	Add 21%
Repeat 27" & less	Add 24%
Repeat more than 27"	Add 25%

Order Requirements for Customer's Own Leather (COL)

COL orders are based on an average hide size of 45 square feet of usable leather and 19 feet per yard. Due to shape and quality issues with some leather, additional hides may be required after receipt of COL. Ship full hides only.

To convert COM yardage requirements to COL square footage and number of hides, multiply the COM yardage by 19.
Example: 5 yards x 19 = 95 square feet.
