

Memo *Finishes*

Finishes are integral in our efforts to honor the essential. Guided by the insight and sensibilities of the designer Laura-Guido Clark, we've selected finishes that bring out the natural character of materials while also imparting rich tones, textures, and temperatures. Curated with these characteristics in mind, we offer a dynamic palette that includes colors from neutral to bold, temperatures from cool to warm, and textures from matte to gloss.

Our *Colors and Finishes*

Wood/Veneer

Memo stains on solid wood and wood veneer are created using a two-step conversion varnish, formulated to withstand the wear and tear of commercial interiors. They are applied using a combination of hand rubbed and spray methods to allow the best expression and preservation of the visual characteristics and warmth of wood.

Painted Wood

Our painted wood finishes are created using a three-step process formulated to achieve a durable and uniform opaque coat. Polyurethane primer, base-coat, and top-coat, are applied on every product, and together provide the resilience needed for commercial use.

Stone & Solid Surface

Stone and solid surface materials are offered as natural or synthetic alternates when durability is a prime consideration. Smooth in texture and rich in depth and pattern, our stone and solid surface options are procured from premium resources and suppliers, and available in dark and light neutrals. The characteristics of these materials offer a natural diversity of pattern and color, thus will vary accordingly.

White Gray Marble
RWM

Yukon Riverstone
YUS

Kimberlite
KIS

Hidden Space
HIS

Black Onyx Mirage
BLS

Metal: Powder Coat

Powder coating offers a durable approach to finishing metal components that is ideal for commercial interiors and is environmentally considerate. Memo offers a selection of metallic neutrals and vivid hues in smooth and textured varieties, chosen to thoughtfully complement adjacent materials and finishes.

Forbo Furniture Linoleum

Memo offers Forbo furniture-grade linoleum on select products. Forbo is a durable surface material, available in a dynamic range of colors. Derived from solidified Linseed Oil and other natural fillers such as cork and wood dust, Forbo is a sustainable and resilient surface choice.

Our *Open Lines*

Solid Surface

Memo offers all Corian products for most areas and components that demand exceptional durability and cleaning. Corian is an Acrylic-Aluminum composite that provides a highly resilient, seamless surface. To see the full Corian color offering visit their [website](#). For a full list of all graded Corian products, please consult our Price List.

Memo *Textiles*

Memo partners with the textile industry to evaluate and procure textiles for our products. Our quoting, sketching, and pricing tools are designed to support our customers throughout the process, and allow for easy visualization, price inquiry, and specification. Memo's approach to textiles is to partner with the best suppliers in the industry, to make textiles easy to visualize, evaluate, and procure by our customers.

Camira

With roots stretching back to 1783, Camira is a textile manufacturer with centuries of heritage and a forward-thinking approach. Designing and manufacturing beautifully woven, eco-friendly fabrics for the commercial, residential and transportation sectors, they place their vision for a sustainable future at the heart of all they do. For a full list of Camira's graded-in textiles or details on COM approval please consult the textile section of our pricelist.
